*… Enabling Responsive, Deployable, Agile, Versatile, Lethal, Survivable, Sustainable Operations*

# NETCOM/9th ASC Mission

- Per DA General Order 5, 13 Aug 2002, NETCOM/9th ASC:
  - "…is the single authority assigned to operate, manage, and defend the Army's "Infostructure" at the enterprise level."
  - "…will have technical control and configuration management authority for the Army's networks and systems and functional processing centers…"
  - " will provide centrallized management and technical control for installation Directors of Information Management."
